

That artistic touch

ORIGINAL gifts to suit every pocket were on offer at the Christmas art fair held at Godinton House over the weekend.

Twenty members of Ashford Visual Artists were showing their work for sale at the three-day event in the historic Jacobean House.

Visitors were able to select cards with a difference, jewellery, photography, pottery and ceramics, works in glass and textiles as well as paintings and sculpture, all produced by local artists.

Artist Vikky Furse said: "The event was very successful."
